### Inglewood Village

Discover this enchanting 1 1/2-storey home in the heart of the village of Inglewood, sited on a double size lot. Surrounded by gardens and backing onto a forested conservation space.

The main residence features two bedrooms, a vintage inspired washroom with a claw foot tub, a separate dining room with French doors leading out to the private deck and stone patio, overlooking the stunning perennial gardens and a bright functional kitchen.

Upstairs a serene primary bedroom with an expansive dressing area or office.

A fully separate 1-bedroom coach house adds tremendous flexibility - live in one and rent the other, host guests independently, a painting studio or create your own income stream.

Nearly half an acre in the village core, yet only 45 minutes to Toronto. This property offers a rare blend of rural charm and modern potential. Walk to Coywolf coffee, bike shop, Montessori school, Credit River and hiking trails. Caledon Golf and Country Club and the Caledon Ski Club are just around the corner.
